

Help us receive up to \$25,000 by our members making their home more energy efficient.

Dominion Energy Ohio's Home Performance with ENERGY STAR® Program

From now until December 29, 2017, our organization can earn \$25 every time one of our members who is a Dominion Energy Ohio customer completes a home energy assessment. With a maximum payout for 1,000 assessments, we could receive up to \$25,000 this year to use towards making our organization better.

There is a benefit for you too! For a limited time, the cost of your home energy assessment is FREE (a \$50 savings). Plus, you'll receive FREE energy-saving products and recommendations (a \$100 value), and you may be eligible to take advantage of Dominion Energy Ohio's rebates of up to \$1,250.

Three easy steps for a more comfortable, more energy-efficient home.

STEP 1: The home energy assessment

An energy advisor will conduct a thorough assessment of your home's energy efficiency.

Home energy assessments typically take 2–4 hours and cost \$450–500; however, the assessment cost is substantially discounted to encourage you to make energy-efficient improvements. As a bonus, you'll also receive **FREE** energy-saving products and installation (a \$100 value).

STEP 2: Review the results and take action.

Following the assessment, you'll receive a customized report with recommendations on how to lower your energy bills and improve your home's comfort. Recommendations may include:

- Adding insulation
- Eliminating drafts through air sealing
- Upgrading heating equipment
- Replacing windows and doors

STEP 3: Make improvements and receive rebates.

Before leaving your home, an energy advisor will provide you with a list of participating contractors and guide you through the rebates available for each project.

Program benefits:

- Work performed by qualified contractors
- Potential savings on energy bills
- Fewer drafts and more comfortable rooms
- Improvements may increase the long-term value of your home

FREE energy-saving products (a \$100 value)

Your home energy assessment comes with a variety of products to help make your home more energy efficient, including:

- High-efficiency showerheads
- Kitchen and bathroom faucet aerators
- Programmable thermostat OR carbon monoxide detector
- Water heater pipe wrap

Who's eligible?

Participation in the Home Performance with ENERGY STAR Program is available to qualified Dominion Energy Ohio residential customers with an active account and an individually metered residence. For a full list of participation qualifications, go to deohpwes.com. Appointment must be scheduled using the agency specific promotion code and the appointment must be completed to be considered eligible.

Let the savings begin.

To schedule your FREE home energy assessment, call **877.287.3416** by December 29, 2017. Mention your organization's name and we'll send \$25 their way.

For more information, contact your organization or visit deohpwes.com.

Program administered by
CLEAResult®

The Dominion Energy Ohio Home Performance with ENERGY STAR Program is offered on a first-come, first-served basis and is available until annual funding is expended or the Program is discontinued by the Public Utilities Commission of Ohio. The Program is funded by Ohio utility customers and is administered by CLEAResult, on behalf of Dominion Energy Ohio.
